

## Report on the Activities of Persistent Foundation

April 1, 2014 to March 31, 2015

## About Persistent Foundation

To institutionalize the Corporate Social Responsibility initiative of Persistent Systems Limited (“the Company”) and to develop a systematic approach to administer the process of grant of donations, Persistent Foundation (“the Foundation”) was formed on October 29, 2008. The Foundation was registered with the office of the Deputy Charity Commissioner, Pune on March 21, 2009.

Persistent Foundation is committed to improving the quality of life that every individual enjoys and thus, benefiting the community at large. The work of the Foundation focuses on three areas – Health, Education and Community Development.

In each of these focus areas, the key areas of work chosen by the Foundation for executing its own projects are as follows:

1. **Health:** Child Health, Women Health, Healthcare for differently-abled & elderly people and Blood Donation
2. **Education:** Education for the poor, Computer Education and Girls' Education and School upliftment
3. **Community Development:** Village upliftment, Urban Upliftment, Welfare of differently-abled and elderly people

It is proposed to classify our assistance under the additional head, ‘relief of distress’ as suggested by M/s. Joshi & Pol, Chartered Accountants, Statutory Auditors.

At a broad level, the modus operandi of the Foundation’s work is as follows –

1. Designing and planning its own social projects and implementing the same with the help of Persistent System’s employees or implementation partner/s from the respective domains.
2. Supporting and facilitating the social projects initiated and driven by Persistent System’s employees
3. Providing monetary support to a number of social initiatives of Associate NGOs by generating funds through cause-specific donation drives among Persistent Systems’ employees, on a monthly basis.
4. Capacity building of the Associate NGOs by providing them with donations on an annual basis.
5. Organizing social events for networking or knowledge-sharing.

## Management of the Foundation:

The Trustees of the Foundation as on March 31, 2015 are as follows:

1. Mrs. Sonali Deshpande, Founder Trustee and Chairperson
2. Dr. Anand Deshpande, Founder Trustee
3. Mr. P. B. Kulkarni, Founder Trustee
4. Dr. Mukund Deshpande, Founder Trustee
5. Mr. Pradeep Kumar Bhargava, Trustee
6. Mr. Dilip Kale, Trustee
7. Mr. Sameer Bendre, Chief People Officer, Persistent Systems Limited – Trustee
8. Mr. Rohit Kamat, Chief Financial Officer, Persistent Systems Limited – Trustee
9. Capt. Kedar Paranjpye, Chief Admin Officer, Persistent Systems Limited – Trustee

---

## A. THE JOURNEY OF 5 YEARS

---

**In the past 5 years, a total of 131 projects have been executed in 12 social domains under 3 focus areas**

### Projects executed by the Foundation since its inception:

#### **Hallmark Programs initiated by the Foundation –**

##### **➤ Four-year old programs:**

1. Breast Cancer Screening Program for slum / rural women – More than 3,000 women were screened and necessary medication and guidance provided.
2. Girls' Scholarship Program - Annual scholarship of Rs. 40,000 per year till the completion of the graduation was given to 60 girls pursuing computer engineering.
3. Village Upliftment Program -Six villages in the Velhe cluster were covered under this program.

##### **➤ Three-year old programs:**

1. 20 Point Clinical Health Check-up and Weekly Doctor Facility at slum/rural schools - More than 10,000 students were benefited by this program.
2. Persistent Foundation E-School Lab - E-learning educational set-up was provided to 35 slum/rural schools.

##### **➤ Two-year old programs:**

1. Elderly-care centers: 2 elderly-care centers are being jointly run under this program.
2. Facial Cleft Program - 140 children were operated for the facial cleft palate.
3. Doctor Facility Project: The doctor facility was provided to 13 slum schools, 5 primary schools, 3 special schools & 2 old age homes.
4. Mobile Medicare Unit (MMU): The MMU provided mobile medical care to poor and elderly people in the slum areas of Pune & Goa.

##### **➤ One-year old programs:**

1. Swachh Vidyalay Abhiyan - Construction / Refurbishment of toilets in 100 Municipal schools

---

## B. PROJECTS EXECUTED IN FY 2014-15

---

In FY 14-15, the Foundation undertook various projects.

### HEALTH

#### **Breast cancer screening:**

Persistent Foundation in association with Samavedana, a CSR wing of Sahyadri Hospital, conducted breast cancer screening program for women in the slums of Pune. This is an on going project spread across the entire year. In FY 14-15, 544 women were screened.

### **School Health Check-up at associated schools and Doctor Facility at Schools:**

For the past 3 years, the Foundation has implemented this project in 10 slums, 5 primary schools and 3 special schools in association with a team of 4 doctors. The project has two important activities- 'School Health Check-up' and 'Doctor's facility'. 'School Health Check-up' in the schools helps the doctors in identifying the wellness quotient of the children. This baseline feeds into working out a monthly calendar for 'Doctor's facility' which is OPD services in the respective schools. The children avail the OPD facility. Some important health tips are also shared by

the doctors. This facility is also availed by family members of the students. The medicines prescribed by the doctors are made available at concessional rates in nearby medical stores.

**The doctor's facility is very useful for students. Due to the awareness sessions conducted by the doctors, children do not fall sick often. Even if they do, they can get treated at the school. This has increased their attendance in the school. Thank You for this facility.**

**Smt. Sattur, Principal  
Nutan Balvikas Mandir, Pune**

### **Mobile Medicare Unit (MMU):**

Persistent Foundation in association with HelpAge India operated the Mobile Medicare Unit for a remote village Velim in Goa. This is an ongoing project and in FY 14-15, 538 people from Goa benefitted from this initiative.

### **Cataract Operations:**

This project was implemented in Pune and Nagpur. In FY 14-15, 982 people benefitted from the financial support provided for the cataract surgeries.

### Facial Cleft Palate Operations:

This project was implemented in Pune as well as in Nagpur. 75 children from Pune and 14 children from Nagpur benefited from this project. The success of these surgeries has brought many a smile on the faces of these children and their parents.

### Jaipur Foot Project:

This Project was conducted in association with the Rotary Club in Goa. Through this project, 23 people benefitted with a Jaipur Foot. With these implants, the patients overcome their disabilities and 'stand on their feet' in the true sense.

## EDUCATION

### Girls' Scholarship Programme:

The Girls Scholarship Program (GSP) was initiated with an objective to provide financial support to girls pursuing their engineering degree. FY 14-15 was the 5<sup>th</sup> year of this program, during which, 22 girls selected in previous years and 37 girls selected in FY 14-15 received scholarships. Along with the financial assistance, these girls were also mentored by volunteers from Persistent Systems.

### **Study centres:**

The Foundation, in association with Youth for Seva in Hyderabad and Swastik Vidyalaya in Goa, ran study centers for the slum and rural areas. (4 in Hyderabad and 3 in Goa). The project reached out to more than 500 students in Hyderabad and 100 students in Goa. The study centres helped the students in coping up with their academics.

### **Udasa residential facility, Nagpur:**

The tribal school at Udasa, Nagpur is a residential school. The students use the school classrooms to study in the day and to sleep in the night. The Foundation helped the school to construct a residential facility for these students. This work was initiated in the month of February and is expected to be completed in the next 6 months. The total hostel area is 3,000 sq ft which will eventually house 250 girls.

### **School upliftment:**

The Foundation is associated with 15 schools across all the locations. The Foundation has been striving to fulfill various infrastructural needs such as toilets, benches, bunk beds for these schools. In FY 14-15, the Foundation donated more than 100 benches, library books to these schools and built toilets for 3 schools.

## Science Lab at schools

This project is about setting up 'Interactive Science' lab which includes 40 theme based demonstration models carefully planned and mapped to the curriculum. During FY 14-15, the project was initiated in 2 schools in Pune. Science lab is proposed to be provided to 8 more schools in FY 15-16. The project was implemented through 'Life Lab' which will undertake the activities such as conducting base-line & end-line assessment, measuring the impact and training the school teachers about how to use the said Science Lab.

## Van for Prism Foundation:

Prism Foundation runs a school in Pune for children with learning difficulties and multiple physical disorders.

The school required a vehicle to take the children for field trips to the post office, the vegetable market, the museums, etc. The Foundation provided them with a van which solved their transport problem.

## School bus for Suhrud Mandal:

**Our old school bus would often stop in the middle of the road and we would go home late due to this. We thank you for the new school bus.**

**Children from Suhrud Mandal in an official 'thank you' letter to Persistent Foundation**

Recently, a school bus was donated to Surhud Mandal's school for children with hearing difficulties. In a beautiful ceremony, a 40 seater Tata Star bus was handed over to the school. The school has 109 children who use this bus in shifts. This bus at their disposal now, the transport issue of these children is resolved.

### **Punarajjani workshop:**

Punarajjani is a web based software tool capable of assessment and evaluation of a mentally challenged person. It is developed with inputs from the interdisciplinary team of special educators. This software is the first of its kind in India which helps the special educators to manage the development of a special child from age 3 years to 18 years. Persistent Foundation in association with Computer Society of India, Education Directorate & CSI Pune Chapter conducted a workshop for teachers in schools and shelter homes for special children. 61 teachers benefitted from this workshop.

## **COMMUNITY DEVELOPMENT**

### **Water conservation:**

**These wells are the only sources of water for us. With the deepened and broadened wells, women from our village do not have to walk 4/5 km for water. Thank you.**

**Lakshman bhau  
from Khopdewadi**

In association with Jnana Prabodhini's Gram Vikasan Team, the Foundation initiated 'Drinking Water Solution Project' in six villages in Velhe taluka of Pune district. All villages / hamlets are situated in hilly areas. Some villages are tanker fed; whereas in some areas even the tankers cannot reach. The Government so far has not been able to reach these villages and has not extended any drinking water related schemes to these villages. The Foundation completed the augmentation of storage capacity for spring water and community wells. Under this project, with 'shramadaan' (contribution in terms of manual labour) from villagers, the old wells were deepened. This facilitated larger storage of water during the rainy season and this water will be extremely useful for them in the summer months. This project has benefitted almost 1000 villagers.

### **Support to Cyber Lab:**

Data Security Council of India (DSCI) is a NASSCOM affiliated body and has been working towards development of the capacity of law enforcement in the field of data security through its 8 cyber labs in India. These cyber labs are set up in the police premises, deploy forensic expertise, equipment and training facility. Persistent Foundation supported the cyber lab in Pune for activities such as training expenditure, training material and salaries of staff members.

### **Hostel facility for differently abled students:**

In association with National Association for Welfare of Physically Challenged (NAWPC), the Foundation supported a hostel facility for blind and physically challenged boys. Mr. Rahul Deshmukh, who is a President of NAWPC, is a blind person himself. His aim of setting up such a hostel was to encourage economically backward blind children to continue with their school/college education.

### **Equipment for Umed Parivar:**

Umed Parivar runs a residential facility in Pune for mentally challenged persons and those suffering from cerebral palsy. This is an association started and run by parents of such children. Currently, a day care centre is being run in Mangalwar Peth, Pune. However, soon it will be shifted to a fully constructed facility near Saswad, Pune.

The NGO faced a problem of storing vegetables & milk in bulk quantities, as the nearest market is about 7 km away. Washing clothes in this centre often requires appointment of more cleaners than any other residential facility as the inmates cannot do it by themselves. This increases the running cost of the centre. To solve both these problems, the Foundation helped Umed Parivar by providing them with a refrigerator of capacity of 528 liters and an industrial washing machine.

### **Support to film 'Astu':**

'Astu' is a film based on Alzheimer's disease, which is increasingly becoming a social issue rather than just a health issue. The Foundation supported the film through a donation for arranging its shows at concessional rates in the cities and also in the interiors of Maharashtra.

### **Digitization of records:**

This project was implemented at Bhandarkar Oriental Research Institute, Pune. Under this project, old and important library records from the past 10 years were digitized.

### NGO donations and Individual donations:

The Foundation gives donations to various institutions/NGOs to help them for capacity building. The Foundation gives donations to approved institutions operating in the field of Education, Healthcare and Community Development. The Foundation also gives donations to the individuals from economically weaker sections and who are in need of financial aid for medical treatment.

The list of institutions and individuals to whom donations were made by the Foundation during the year under review is attached as **Annexure 1**.

### Zero garbage project:

The Foundation in its endeavor to support clean environment and waste management has adopted Prabhaag no.36 of Pune Municipal Corporation (PMC) comprising of Erandawane and Deccan Gymkhana area in Pune. The project is being implemented in association with Janwani. The project aims at waste separation (dry and wet), waste collection especially from the slums and elimination of containers from the prabhag. During the financial year, a major achievement was the removal of 7 garbage containers. This was possible only due to the Foundation's initiatives in Khilarewadi, which promoted door to door waste collection.

**At a macro level, the performance indicators are as follows:**

Particulars		April 2014						Mar 2015					
Property type	Total properties	Swachta mitra	Containers	Door to door coverage (DTDC)	Segregation (SEG)	% of DTDC	% of SEG.	Swachta mitra	Containers	Door to door coverage (DTDC)	Segregation (SEG)	% of DTDC	% of SEG.
Slum	705	10	4	290	255	41.13	36.17	126	1	650	525	92.20	74.47
Non slum	8120	13	5	7211	5680	88.81	69.95	95	2	8029	7474	98.88	92.04
Commercial	1597	0	5	1490	1010	93.30	63.24	0	4	1519	1496	95.12	93.68
<b>Total</b>	<b>10422</b>	<b>23</b>	<b>14</b>	<b>8991</b>	<b>6945</b>	<b>86.27</b>	<b>66.64</b>	<b>221</b>	<b>7</b>	<b>10198</b>	<b>9495</b>	<b>97.85</b>	<b>91.11</b>

Society meetings, school programs, awareness programs in Ganesh Utsav, film shows, street plays, poster exhibition and lectures, cleanliness drives and rallies were instrumental in generating awareness about waste collection and segregation. Regular meetings with PMC & the waste pickers were keys to the success of this project.

---

## C. FLAGSHIP PROJECTS

---

In FY 14-15, the Foundation launched 2 Flagship Projects that gathered good visibility and created a large impact.

### **Breast cancer screening through mobile mammography unit:**

The Foundation has implemented this project through Prashanti Cancer Care Mission, Pune. The Foundation also tied up with Aastha, an NGO dedicated for cancer screening and treatment. So far, with both the NGOs, 1,500 women have been screened.

### **Swacchha Vidyalay Abhiyan:**

In response to an appeal by the Hon. Prime Minister of India, the Foundation decided to take up Swachh Vidyalay Abhiyan as a Flagship Project. The Foundation initiated “Swachh Vidyalay Abhiyan” in the second quarter of FY 14-15. Under this, the PMC gave a list of 70 schools in 37 buildings to the Foundation.

The project was officially flagged off on 2<sup>nd</sup> October 2014. The work in 46 schools in 22 buildings was completed. This work benefitted almost 20,000 children in these 46 schools. The work in the rest of the schools will be completed soon.

Now girls in my school  
will have a separate toilet  
block. This helps us a lot.  
Thank you.

**Mr. Rajendra Diwate, Principal,  
Appa Kulkarni Highschool  
Gokhale Nagar, Pune**

With more number of toilets,  
children do not have to rush  
to the toilets in the breaks.  
Thank you.

**Mrs. Kakade, Principal,  
Pandit Deendayal Upadhyay Highschool  
Paud Phata, Pune**

---

## D. OTHER UPDATES

---

### Celebration of Persistent Foundation Day:

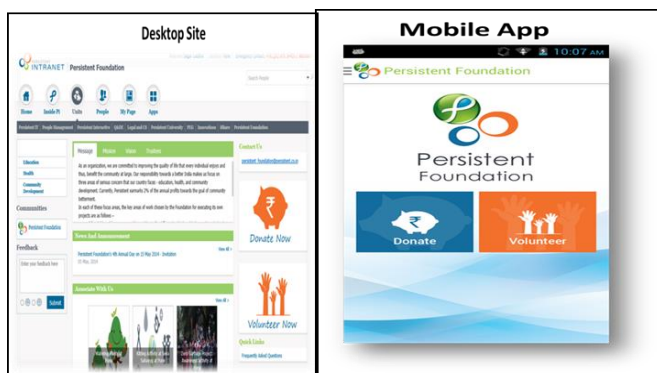

The Foundation celebrated its 4<sup>th</sup> Annual Day function on May 15, 2014 at Dewang Mehta Auditorium, Bhageerath. Padmashree Dr. Prakash Amte & Dr. (Mrs.) Mandakini Amte were the Chief Guests for the function.

During this event the following activities were staged:

- Release of the Foundation's Annual Report for the Financial Year 2013-14.
- Release of mobile application for Donation and Social volunteering of employees of Persistent Systems.
- Felicitation with "Persistent Foundation Sanmaan" of the following implementing partners for their special contribution towards the society
  - Dr. Sandip Dole, Trustee, Dr. Manohar Dole Foundation, Narayangaon
  - Mr. Gulabrao Gaikwad from Hiware village, Pune
- Street play on waste management by Persistent System's Employees.
- Felicitation of Persistent Foundations volunteers and donors

### Launch of mobile application:

Persistent Systems developed a mobile application exclusively for the Foundation activities. This application can be easily downloaded and is useful to the employees in India and overseas to donate and volunteer for various activities undertaken by the Foundation.

## Awards:

The Foundation received 3 CSR awards in FY 14-15. The awards were given for outstanding contribution towards society by a Corporate.

Sinhgad Institute of Management  
and Business Standard

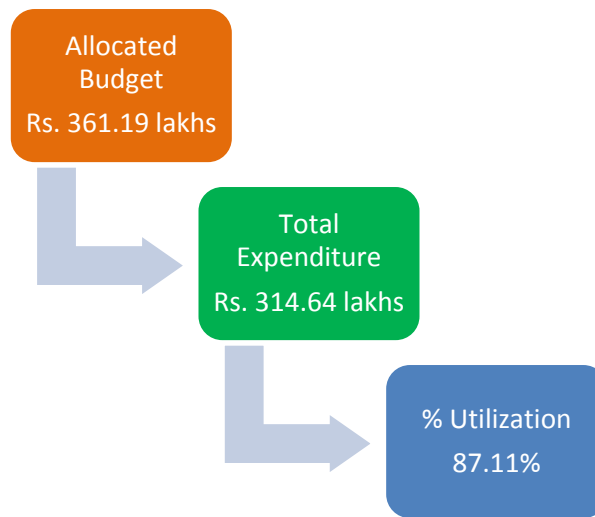

Audyogik Shikshan Mandal (ASM) Group of  
Institutes

Amity University

## E. FINANCIAL DETAILS OF FY 14-15

During FY 14-15, the Foundation received donations as per details given below:

(Amount in Rs. Lakhs)

Income Source	FY 14-15	% FY 14-15	FY 13-14	% FY 13-14

## F. VOLUNTEERING ACTIVITIES

---

The CSR initiatives at Persistent Systems inculcate the virtue of social responsibility amongst its employees. Socially sensitized employees are more likely to contribute to a social cause and be more responsible and sensitive citizens.

The employees of Persistent Systems get associated with the CSR activities right from their induction and orientation. The modules include sessions on CSR and Persistent Systems' philosophy behind it. Apart from this, various business leaders own up various social causes/projects.

Persistent Systems strongly believes that its just not money that is required to make the change. Time and employee engagement is equally important and we stand committed to ensure percolation of the same principles in all its employees. Persistent Systems encourages employee participation in CSR activities through 'volunteering activities' and 'dotion drives'. The company has also adopted a policy of allowing employees to use 4 working hours per year for volunteering. A few of such volunteering activities are as follows:

### Cyber champ:

This is the fourth year of Cyber Champ Initiative by Persistent Foundation. The Foundation received overwhelming response from students across many schools in Pune and Goa. 45 schools and 800 students of different age groups (3<sup>rd</sup> to 10<sup>th</sup> standard) participated in 11 different competitions in Cyber Champ. All the problem statements for various competitions such as Powerpoint, Software Programming, Paintbrush, Logo, QBasic, IT Quiz and Web Design were based on a central theme of 'Clean India' 40 volunteers and 5 judges from Persistent Systems helped the Foundation teams in this events at Pune and Goa.

### **Girls' Scholarship Program (GSP):**

The selection process of girls to be supported during FY 14-15 under Girl's Scholarship Program, was conducted in February 2015. 25 senior employees of the Persistent Systems volunteered to be a part of the interview panel. Along with employees, some experts from outside and Foundation trustees participated in this process.

### **Plantation**

This activity was undertaken at Pune and Nagpur. Around 530 plants were planted in FY 14-15.

### **Cleanliness drives**

4 cleanliness drives were organised in Pune and Nagpur.

### **Support to orphanage**

In Goa, employees regularly visit “St. Anthony’s Orphanage”, spend time with children and help them in studies and sports.

### **Support to old age home**

Persistent Foundation supports old age homes near Sinhgad and Chikhli, Pune in their daily operations. In Goa and Hyderabad employees regularly visited old age home and orphanage. The volunteers spend time with the inmates and help them in their daily routine.

### **Supplementary teaching**

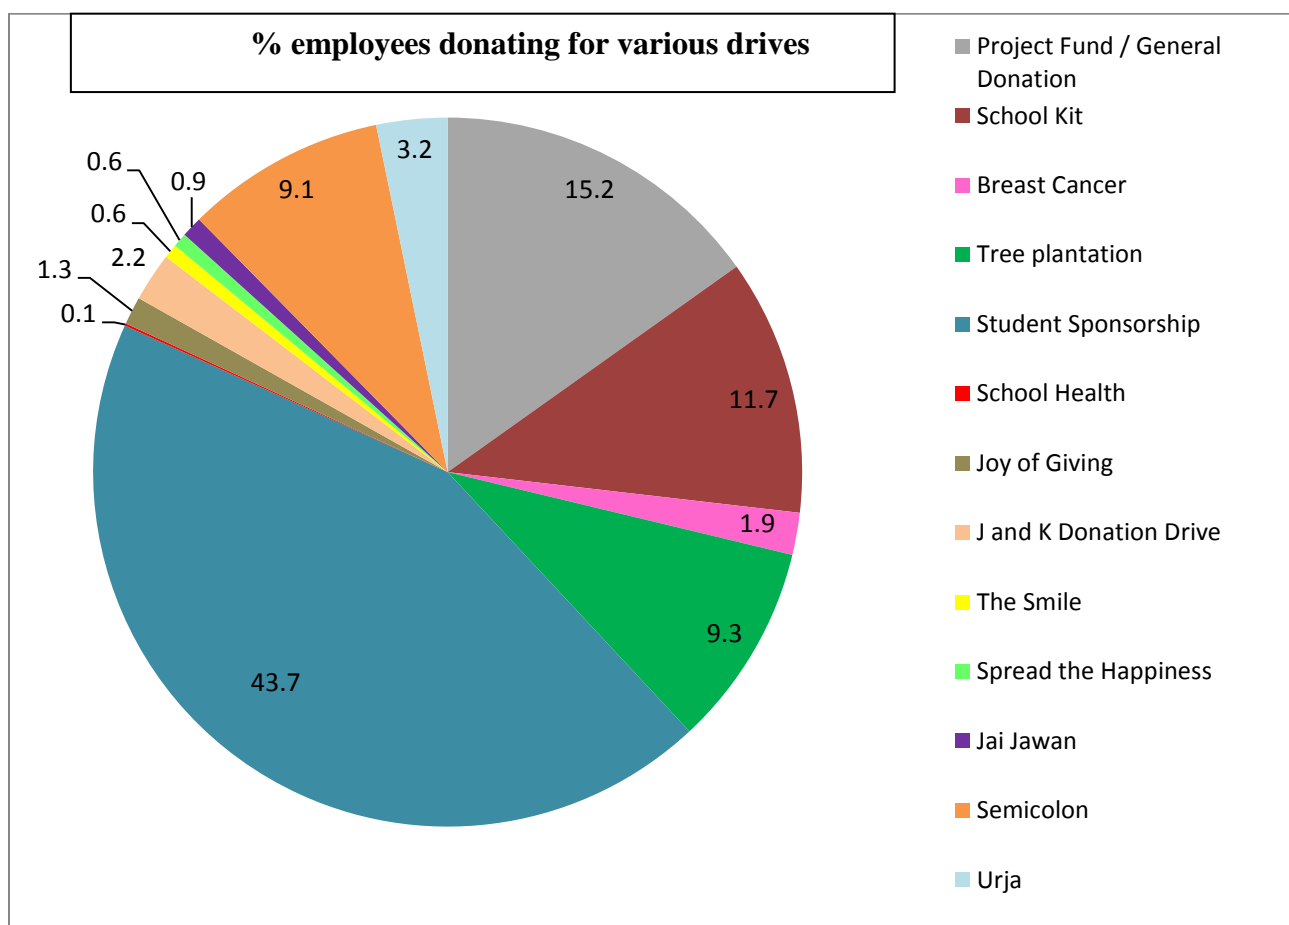

Employees regularly visit the Abhyasikas run by Youth For Seva in Hyderabad. The employees help the students with home work and additional support in understanding the school subjects in a better way. Employees at Nagpur also visit Matrushakti, Vanita Vikas, Valmiki Nagar Hindi Madhyamik Shala and Maharashtra High School to teach English and Computers to the students.

### **Diya Painting**

40 employees painted Diwali diyas for Door Step School. These diyas were then sold by the NGO and the funds raised by doing so were used for providing quality teaching to students from Door Step School.

## G. DONATION DRIVES

Largest number of donors have donated towards Student Sponsorship Program followed by General Donation and School Kit Donation.

**% employees donating from various locations**

- Overall, 20 % of employees are participating in donation drives.
- Hyderabad is the highest in terms of % employees contributing in the donation drives followed by Goa.

### Student sponsorship program:

Through employee donation, the Foundation raised donations for sponsoring educational needs of children from economically weaker sections. In FY 14-15, 340 students were sponsored through this initiative.

### School kit donation:

Through employee donation, the Foundation raised funds for school kits. In FY 14-15, kits were distributed to 350 children in Hyderabad and Pune.

### **Support to Jammu & Kashmir flood:**

The floods in Jammu and Kashmir (J&K) caused by continuous heavy rain had affected almost the entire state. People were left with no food, warm clothing and shelter. In these dire circumstances, employees came forward to help the J & K flood affected people by raising donations. The project was implemented through Aseem Foundation, Pune. The funds were used for providing water filters in Samthan village in Anantnag District, where the water purifying plant was completely destroyed in the flood. This helped the community with clean drinking water and reduction in the incidences of water borne diseases which is the most common flood aftermath.

### **Support to orphanage:**

In Pune, employees celebrated “Joy of Giving Week” with “Sarhak” orphanage. Through a donation drive, employees gave 500 KG wheat, 500 KG rice & 400 KG pulses to the orphanage.

### **Spread the happiness:**

This donation drive was launched in Nagpur. The funds raised were used to buy sweaters for the children of Balsadan and Matrushakti in Nagpur.
